

COACH-TRAIN OR MANAGE

Each team has a coach/trainer and manager. They play an essential role as they are the key link with players and parents. We want our Coaches, Trainers and Managers to motivate, encourage and be positive role models for all players. All Coaches are required to hold the relevant coaching certificate and Working With Children Check.

Coaches, Trainers and Managers foster and support the Tigers culture which is based on being a good sport, giving your all and respecting the opposition and officials. Read below to find out more about the roles.
